

Cal Answers: Procure to Pay Reporting

Webinar: May 28, 2013

Master Org Tree Filters, BluCard Data, and Executive Leadership Dashboard

John Leary
Business Analyst
Information Services and Technology

New Dashboard, Reports, and Filters

- Master Org Tree Filters
- BluCard Data
- Executive Leadership Dashboard

What is Cal Answers?

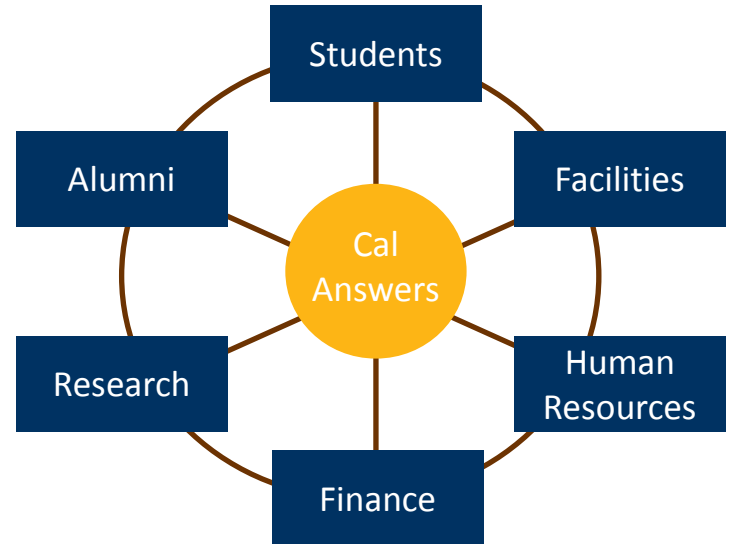

Web-based, analytical tool with:

- Interactive dashboards
- Well-defined metrics selected by campus subject matter experts
- Strategic direction for enterprise data
- For power users: ability to build reports

Accessible to entire campus

Use it to:

- Monitor goals
- Improve processes
- Inform strategic decisions
- Communicate about campus

What is Procure to Pay Reporting?

Procure to Pay Reporting provides insights into purchasing and disbursement behavior to help us reach key campus objectives:

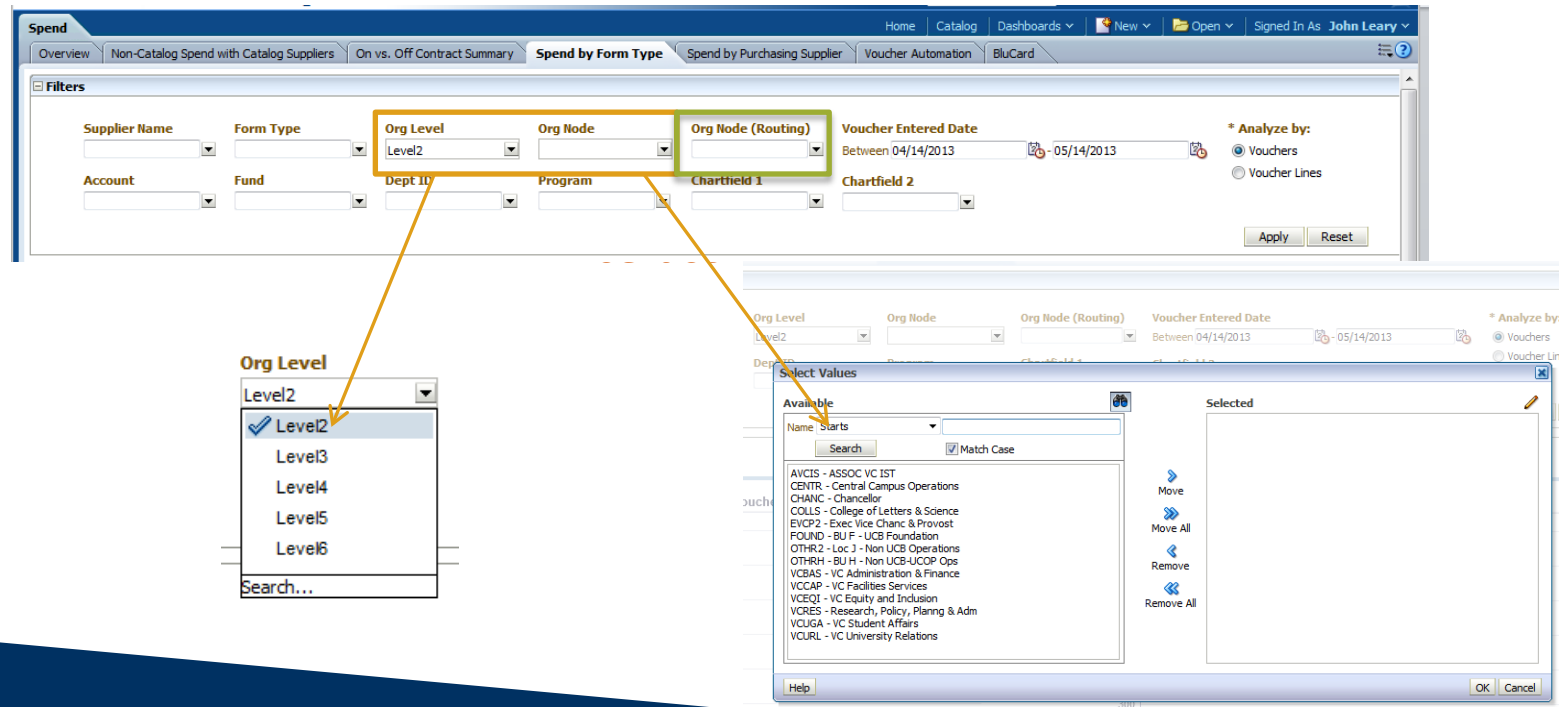

- Find opportunities to **save money**
- Make purchasing and disbursement processes **more efficient**
- Determine situations to **improve internal controls**

Master Org Tree Filters

Now there are two types of Org Level Filters:

- 1) **Org Level and Org Node** filters return transactions based on the unit that paid for them, i.e., the Dept ID on the chartstring.
- 2) **Org Node (Routing)** filter returns transactions based on the unit that approved them (previously named simply "Org Node").

BluCard

This report allows you to see information for all your BluCard transactions based on the specified filters. The report includes both current BFS data for the transactions as well as the data originally supplied by US Bank.

Key business questions the report addresses include:

- How much BluCard Activity is with BearBuy Catalog Suppliers?
- Are transactions being approved in BFS where appropriate?
- What was my total BluCard Spend for FY 2013?

The screenshot shows a web application interface for the 'Spend' report. The top navigation bar includes 'Home', 'Catalog', 'Dashboards', 'New', 'Open', and 'Signed In As John Leary'. Below the navigation bar, there are several tabs: 'Overview', 'Non-Catalog Spend with Catalog Suppliers', 'On vs. Off Contract Summary', 'Spend by Form Type', 'Spend by Purchasing Supplier', 'Voucher Automation', and 'BluCard'. The 'Filters' section is expanded, showing a grid of filter fields:

| Merchant Name | Supplier Name | Supplier Catalog Flag | Transaction Number | Item Description | Org Level | Org Node | Billing Date |
|----------------------|----------------------|-----------------------|----------------------|----------------------|----------------------|----------------------|---------------------------------|
| <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | Level2 | <input type="text"/> | Between 04/14/2013 - 05/14/2013 |
| Cardholder Name | Account | Fund | Dept ID | Program | ChartField 1 | ChartField 2 | |
| <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | |

At the bottom right of the filter section, there are 'Apply' and 'Reset' buttons.

Note: Merchant Name is supplied by US Bank; Supplier Name is the related BFS Vendor Name, if one exists. Not all Merchants will be in the BFS Vendor file.

BluCard – Summary

The results are summarized by Merchant, # of Transactions, and the Transaction Total. You can also see which transactions were approved and the percentage.

BluCard Summary

| Merchant Name | Supplier Name | Supplier Catalog Flag | # of Transactions | # Approved | % Approved | Transaction Total |

Executive Leadership

The Executive Leadership Dashboard allows you to compare spend and payment activity across the University's organization units (Org Nodes).

Key business questions the reports address include:

- Which units are not using catalogs when shopping with catalog suppliers?
- Which units benefit least from current vendor contracts?
- Are units taking advantage of automated processes, such as electronic invoicing?

Executive Leadership – Spend Tab

Cal Answers Procure to Pay data was last refreshed on **Monday, May 13, 2013 7:02:56 PM.**

powered by **ORACLE**

- Click on the Org Level2 Concat label to see the Org Level roll up detail
- Click on the “Number Non-Catalog” value in the grid to be taken to the related report where you can perform a more detailed analysis.

Executive Leadership – Payment Tab

Key business questions the reports address include:

- Which units are missing out on early-pay discounts?
- Are units not paying vendors on time?

The dashboard displays three bar charts comparing 'Student Affairs' and 'VCURL - VC University Relations' across three metrics: Percent Non-Catalog, Percent Off-Contract, and Percent Low Automation. Below the charts are three data tables, each with a filter box and a 'Print - Export' link.

Percent Non-Catalog
